

As a **Survey Technician**, you will be responsible for assisting a Professional Land Surveyor in the analysis and preparation of boundary, planimetric, and topographic surveys.

DUTIES

- Daily processing of survey data, including evaluating accuracy and sufficiency, and ensuring compliance to applicable regulations and professional and industry standards related to boundary calculations, legal descriptions, etc.
- Perform deed research, prepare survey plats and drawings, legal descriptions and alignment drawings.
- Deed plotting and map checks, using MicroStation Inroads/Openroads and/or AutoCAD Civil 3D.
- Provide technical office support (brief & de-brief) for up to 3 field crews.
- Perform quality control checks of plats and drawings prepared by other technicians.
- Ensure schedules and productivity objectives set by supervisor for preparation of survey plats and drawings are achieved.

REQUIREMENTS

- Three to six years field and office experience in route survey projects, boundary analysis, DTM projects, and construction layout
- Computer and technical skills, including AutoCAD Civil 3D and/or MicroStation
- Working knowledge of Trimble Business Center (preferred)
- Strong listening, writing and verbal communication skills
- Proven work history, strong work ethic and team-player attitude
